HUNTERS OVERLOOK METROPOLITAN DISTRICT NO. 1

2024 BUDGET MESSAGE

The Hunters Overlook Metropolitan District No. 1 (the District) is a quasi-municipal political subdivision of the State of Colorado. It was organized to provide for the acquisition, construction and completion of certain infrastructure improvements within the boundaries of the District. The District provides operations and maintenance services for landscaping and parks, covenant enforcement, etc. to related districts. In addition, the District has established a Water Enterprise Fund which operates a non-potable water system services and facilities for related districts.

Basis of Accounting

The District prepares its budget on the modified accrual basis of accounting and uses funds to budget and report on its financial position.

Revenues

Taxes

The District imposes a mill levy of 71.283 mills. The property taxes generated by the mill levy will be utilized for general operating expenditures and contractual obligations.

Specific ownership taxes are set by the State and collected by the County Clerk, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County, including the District.

Fees

The District imposes an annual District Service fee of \$300.00 and a semi-annual Non-Potable Water Fee of \$270.00 (total \$540). In addition, the District imposes and collects Trash Fees which are a direct pass-through to the single trash provider contracted for all of the related districts.

Funds

General Fund

The General Fund accounts for the general operations of the district and related districts. Primary resources include property taxes and specific ownership taxes received from Districts No. 2 through No. 7 through Intergovernmental agreements along with District fees. General Fund expenditures include district administration, accounting, legal services, landscape and park maintenance, management, enforcement, insurance and other expenses related to statutory operations of a local government.

Capital Projects Fund

The Capital Projects Fund accounts for Developer improvements certified and accepted by the District Board and the subsequent repayment to the Developer for those improvements.

Enterprise Fund

The Enterprise Fund accounts for the operations that are financed and operated in a manner similar to a private business, where the intent is that costs of providing services to the public are funded primarily through usage charges. The primary source of revenue in the Enterprise Fund is the Non-Potable Water fee.

Emergency Reserve

At the end of each year the District will reserve that portion of the General Fund balance necessary to comply with the TABOR Amendment.
